Question 20 words which plainly phrases the chief purpose of the measure.

Shall District impose \$0.75 per \$1,000.00 of assessed value for five years beginning 2024-2025 to fund general operations? This measure may cause property taxes to increase more than three percent.

Summary 175 words which concisely and impartially summarizes the measure and its major effect.

Lebanon Fire District provides fire and life safety services within the territory of the Fire District. Serving a population of over 40,000 residents and covering 134-square miles of fire protection area and 419-square miles of ambulance service area. These emergency services are provided 24 hours per day with a combination of paid professional staff and trained volunteers.

If approved, this measure would adopt a new levy of \$0.75 per \$1,000.00 of assessed value for five years, beginning on July 1, 2024, and expiring June 30, 2029. The new levy will allow the Fire District to hire six new firefighter medic positions and replace aging equipment and apparatus. Without the new levy funding, the Fire District will need to cut back on its level of services to the community.

Property owners with an assessed property value of \$200,000.00 would pay \$150.00 annually in property taxes.

The proposed rate will raise approximately \$2,037,399.00 in 2024-25, \$2,098,521.00 in 2025-26, \$2,161,476.00 in 2026-2027, \$2,226,321.00 in 2027-2028, and \$2,293,110.00 in 2028-2029, for a total over five years of \$10,816,827.00.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate and may reflect the impact of early payment discounts, compression and the collection rate.
